

SEPTEMBER

The Unfortunate Man?

The miserable fate of Holden would be an awful warning to all depraved characters in the city. Not long ago he was a hero in the eyes of the Radical leaders. He has no one but cross-eyed Butler to pity or fraternalize with in the depths of his "voiceless" Who so courted and caressed short months ago? But he entrusted by his employers with important duty of so managing the state of N. C. that its electoral should be surely cast for the Presidential ticket two years hence. He saw that he must fail if the people were allowed the liberty of action, and he consequently, in the aid of Northern Radical papers, carried into effect the ordinary plan of kluxing out to be suppressed by an armed force, expecting thus to terrorize the citizens completely, and still maintain the State. But he did succeed—on the contrary ignominiously. The consequence is that the pitiful ruffian is execrated and violently abused by former friends and admirers. Now the New York Times, in assistance openly handles the tyrant. When reading virtuous sentiments of the New Journal one could never suppose for an inst. that Holden is the inmate offspring of the very policy of the Southern States which the Times has assisted to fasten them against their constant enemies. The Times thinks it can escape from responsibility for its role in the base and foolish work of perpetrating the scape goat Hol-

O! Tempora; O! Mores.

Livingston Journal.

the tone and tactics of Gov. Holden's organ, the Raleigh Standard are simply infamous. If its course were to provoke civil war, it would not be conducted differently, referring to Judge Brooks issue of habeas corpus in behalf of the prisoners whom Holden's man, Kirk, keeps in military custody, without other warrant than the Governor's arbitrary will, and standard uses this language: "Judge Brooks ready to involve people of North Carolina in civil war." Does he suppose Gov. Holden recede before him? * * * The Federal will recede until the Federal Army is used against him? and Federal Army. Will not be used against him. We are on the eve of a war and when it begins all the odds of it will be on the skirts of Judge Brooks."

We suspect that Holden's desire to provoke the state of things he intends to deplore. Having caused the Democrats to secure a triumph in the late election, he would peremptorily the State into civil war that he may obtain pretexts for Congressional interference. Should trouble come as the Federal Army is impudent attempt himself to alter the law, the Federal will hold them, and he is responsible for it. The Republican Party cannot too soon so emphatically repudiate both man and his doings.

Register and Vote.

These two words are the key notes to the corrupt government of this State.

We entreat every one who reads who has not already done so, to go to the Register to ask his neighbor to do so, and to ward and vote for him. It is his duty. The omission of this now solemn duty. The omission of this State will change. We can have its this full if the voters have their names put on the Register, and thus go forward and vote for men. Do not delay. Go singly, by couples, by scores, to the Probate and Register. It will be a burning on our people if, by neglecting to secure to them our rights, we the itinerant corruptionists to keep places after next November. Don't don't put it off for a day, but start the Probate Judge's office.

Monetary Advertiser.

Columbia Spectator don't "pull me out," Listen: "A big-hearted man sends us about three thousand dollars' worth of money. The money we should notice it as a firm-class of older money. We want to be noticed. It is all worth it. This thing of telling a one dollar and fifty cents for his has that is payable in forty cents is altogether out."

Johnson being one in company someone came forward and began to accuse an absent friend of resorting to the route, he observed: "It is, perhaps after all, a better way for a lady to render her own account to her own people than to blacken other people's names."

CHOLERA!!!

The following letter is from Mr. Wood, of St. Louis, to J. N. Harris, Esq., of New Orleans, La., dated Sept. 10, 1867. It is a true and reliable statement of the prevalence of the cholera in St. Louis, and the result of the application of the Pain Killer to this disease, and its testimony can be relied upon with the utmost confidence.
Dear Sir:—You recollect when I saw you in January last, my expressing to you my most sanguine expectations that DAVIS' PAIN KILLER would have a tremendous sale in the West this season, and my anticipations have been more than realized, and the testimony of thousands who have used it has been that they would not be willing to go to bed at night without it in the house.
On the appearance of the cholera in this city, some of the friends of the Pain Killer who used the Pain Killer many who purchased it remarked to me that they had no fears or dread of the cholera as long as they had the Pain Killer by them, and hundreds took it daily, as a preventive, and no person who had a draught of the bowels or diarrhoea if they use this medicine. This was the security and confidence of hundreds acquainted with it, and their friends were attacked with the cholera they would administer the remedy in large quantities, and in every case when it has been taken it is one of the first stages of this disease, it has proved successful.
I consider it an infallible remedy. I have not heard of any individual in my family who used the Pain Killer when attacked but specially recovered.
The clerk informed me that he administered it to persons when cholera in the camp and it gave immediate relief, but said it should be given quickly, for when the discharge of "rice water" has begun, the hope of life has fled. Should this disease make its appearance among you, as in all probability it will, be not alarmed; you and all others there have the remedy, and I am confident if the Pain Killer is used, not a single death by cholera will occur in your city.
Respectfully yours,
J. N. HARRIS, Esq.,
St. Louis, Mo.

LOUISIANA CREOLE
HAIR
RESTORATIVE!

The Hair restored naturally to its original color, prevented from falling out, its growth increased, and its softness and beauty multiplied.
The Louisiana Creole Hair Restorer keeps the head cool, cool and healthy, removes all diseases of the scalp, keeps it free from dandruff, prevents irritation and itching, and is an excellent remedy for nervous and other forms of headache.
The Louisiana Creole Hair Restorer is not a dye, but restores gray hair to its original color by supplying the capillary tubes with natural substances which may not be assimilated from either age or decay. All instances of hair loss are compensated by hair coming out, restoring the quality and beauty of the hair and afford of the scalp, no dressing, but on the contrary make the hair brittle and wither.
The Louisiana Creole Hair Restorer not only actually restores the hair and restores the natural color by natural means, but it imparts to it a natural beauty which it can obtain by no other method.
The Louisiana Creole Hair Restorer is in addition to its many useful qualities is elegantly prepared, and is perfectly free from greasiness and stickiness, so that the finest linen fabric is not spoiled or even stained by its use. It contains no poison to fill the hair, but under its continued use, improvement is steadily manifested and it never fails to give the best satisfaction.
For sale by Druggists generally. Prepared by MASSFIELD & HIGBEE, Memphis, Tenn.

MAGIC ARNICA
LINIMENT

WILL CURE PAINS AND ACHES IN FIVE MINUTES.
Prepared from rare Essential Oils, Extract of Camphor, Extract of Arnica, Chlozyne and Magnetic Fluid, chemically combined.
The Magic Arnica Liniment is one of the most powerfully penetrating fluids known. It is so rapidly absorbed that many of the so-called liniments sold, but a clear, transparent, colorless fluid, which when applied, promptly penetrates through the skin and reaches the very heart of the ailment, striking at the root of the disease and instantly relieving the pain. In cases of Rheumatism, Numbness, Pains, Cramps, swellings, and in fact, all classes of diseases that can be reached by external treatment, this Liniment will be found a decided success. In Rheumatism it acts promptly, easing the pain in one or two applications, and when used in connection with Massfield & Higbee's Great Liniment, the cure is effected in a few days.
Horse and Cattle Liniment
It is the simplest and most effective of all liniments. A striking evidence of this is its unparalleled success when used in the treatment of Charbon, or Erysipelas, in horses or cattle—diseases which at one time threatened to destroy all the stock in the Mississippi Valley. The Magic Arnica Liniment was the only remedy that was found to cure in all cases.
With every bottle will be found a circular containing specific directions for using. For sale by Druggists and Dealers everywhere.
Manufactured only by the sole Proprietors, Massfield & Higbee, Memphis, Tenn. Wholesale Agents at Mobile, New Orleans, Charleston, and St. Louis, J. L. McVey & Co., April 16, 1870—17.

European Wars of the Past.

The numbers enlisted in the present war, by the way, is curiously suggestive of the fact that the world is getting no better fast when compared with the numbers engaged in former European wars.

At Marengo (1800) there were 28,000 French and 30,000 Austrians; 18,000 killed or wounded.

At Austerlitz, 80,000 French, 80,000 Austrians and Russians; 30,000 killed or wounded.

At Jena, 100,000 French, 100,000 Prussians; 34,000 killed or wounded.

At Wagram, 150,000 French, 130,000 Austrians; 24,000 killed or wounded.

At Borodino, 125,000 French, 125,000 Russians; 80,000 killed or wounded.

At Leipzig, 200,000 French, 280,000 Allies; 60,000 killed or wounded.

At Waterloo, 70,000 French, 70,000 English; 15,000 killed or wounded.

At Solferino, 125,000 French and Sardinians, 130,000 Austrians; 27,000 killed or wounded.

At Konigsgratz, 200,000 Prussians, 200,000 Austrians and Saxons; 28,000 killed or wounded.

In the present war there are already engaged 800,000 of which the majority by 500,000 or more are on the Prussian side. At this moment Prussia has very nearly a million available (armed) men, including garrison, etc., and no doubt France can, under stress, get nearly the same number. But unquestionably the late Prussian conquests have made Prussia a more round forty millions of population than France.

Change of French Rulers.

Louis XVI. was executed in 1793, and his son, the Dauphin, after barbarous usages, died in 1795. Napoleon I. had two abdications and two exiles. His son died in Austria and never attained the imperial sceptre. Louis XVIII. who came next was an exile for twenty years, was restored to the throne by the bayonets of Europe; was chased off it by Napoleon, driven into exile, but was again put back by the military forces of the continent. He died after a reign of nine years. His brother Charles X., whose youth had been spent in exile, was driven from the throne by the revolution of 1830, and died far from his native land. His successor, Louis Philippe, whose father had been executed in 1793, was in turn driven from the kingdom, when an old man after a prosperous reign of eighteen years. His successor was Louis Napoleon. Of all the sovereigns of France since 1773, he has had the longest reign, as President and Emperor. They thus compare:

Louis XVI., eighteen years.
Napoleon I., fifteen years.
Louis XVIII., nine years.
Charles X., six years.
Louis Philippe, eighteen years.
Louis Napoleon, twenty-two years.

The Probate Judge of St. Clair county having asked that martial law should be declared in Ashville, the following reply was made to that request by the military authority in this State:

HEADQUARTERS, PATONA ALA.,
August 23rd, 1870.

Capt. Geo. H. McLaughlin, 2nd Infantry, Comd'g U. S. Troops, Ashville, St. Clair county, Ala.
Captain—Yours of August 18th has just been received. I regard the condition of things in St. Clair county as critical. It will require exercise of the greatest prudence and judgment upon your part to prevent your being involved in the difficulties there. But I feel assured that you will so conduct yourself in the exercise of your command that whatever you feel called upon to do will be done strictly within the limits of the law. I enclose to you herewith a copy of the instructions issued to 1st Lieut. Harkins in command at this point; you will confine yourself strictly to the limits laid down in those instructions. Remember that the people among whom you are thrown are in a large degree ignorant, excitable and irresponsible. The difficulty in St. Clair county seems to partake of a personal character mainly, and with such a difficulty you can have in your official capacity nothing to do. The request of the Probate Judge that you would put the town under military rule, you will at once decline to accede to. His communication and request should have been made to the Governor of the State who was at Ashville Junction on Saturday, and in communication with the town and its civil officers. You will support the civil officers when called upon under the restrictions heretofore communicated. The Probate Judge is a conservator of the peace under the statute equally with the Sheriff and you will execute his orders when called upon, but you will not permit yourself to be used for any purpose properly devolving upon those officers themselves. You are merely to support their authority and in no way to supersede it.

Upon the arrival of Company "E" at this point, 1st Lieut. Harkins with the detachment of your company now here, will be ordered to report to you.

You will please communicate frequently with me whilst the disturbances in St. Clair county continue.

W. Crawford, U. S. A.

CHOLERA!!!

The following letter is from Mr. Woodward, of St. Louis, to J. N. Harris, Esq., of New London, Conn. Mr. W. is a gentleman of high respectability, and during the prevalence of the cholera in St. Louis, watched the result of the application of the Pain Killer for this disease, and his testimony can be relied upon with the utmost confidence.

DEAR SIR—You recollect when I saw you in January last, my expressing to you my most sanguine expectations that DAVIS' PAIN KILLER would have a tremendous sale in the west this season, and my anticipations have been more than realized, and the testimony of thousands who have used it has been that they would not be willing to go to bed at night without it in the house.

On the appearance of the cholera in this city, such was the confidence in the Pain Killer as a remedy, that many who purchased it remarked to me that they had no fears or dread of the cholera as long as they had the Pain Killer in the house, and that they had been taken by the cholera and had been cured by its use.

The clerk informed me that he administered to persons who were ill or in the danger of being taken by the cholera, and that he had given immediate relief, but still it should be given quickly, for when the discharge of "rice water" has begun, the danger is too great, and should the disease make its appearance among you, as in all probability it will, be not alarmed; you and all your family should have the Pain Killer in the house, for if the Pain Killer is used, not a single death by cholera will occur in your city.

I consider it an infallible remedy. I have not heard of any individual in my family who used the Pain Killer when attacked but speedily recovered.

The clerk informed me that he administered to persons who were ill or in the danger of being taken by the cholera, and that he had given immediate relief, but still it should be given quickly, for when the discharge of "rice water" has begun, the danger is too great, and should the disease make its appearance among you, as in all probability it will, be not alarmed; you and all your family should have the Pain Killer in the house, for if the Pain Killer is used, not a single death by cholera will occur in your city.

Respectfully yours,
A. T. WOODWARD.

The Pain Killer is sold by all dealers in Family Medicine.

It will supply the above.

LOUISIANA GREOLE

HAIR RESTORATIVE!

The Hair Restorative naturally to its original color, prevented from falling out, its growth increased, and its softness and beauty multiplied.

The Louisiana Greole Hair Restorative keeps the hair clean, cool and healthy, removes all dandruff, keeps it free from dandruff, prevents irritation and itching, and is an excellent remedy for nervous and other forms of hair loss.

The Louisiana Greole Hair Restorative is not a dye, but restores gray hair to its original color by supplying the capillary blood with natural sustenance, which may not be furnished from other sources or decay.

All instances of Hair Dyes are composed of harsh caustics, destroying the vitality and beauty of the hair and affect of themselves to destroy, but on the contrary make the hair brittle and wiry.

The Louisiana Greole Hair Restorative not only naturally restores the hair and restores the natural color by natural means, but it imparts to it a luxuriant beauty which it can attain by no other method.

The Louisiana Greole Hair Restorative in addition to its many useful qualities is elegantly perfumed and is entirely free from greasiness and stickiness, so that the finest hair can be styled in any manner desired by its use. It contains no poison to kill the hair, but under its continued use, improvement is steadily manifested and it eventually falls to give the best satisfaction.

For sale by druggists generally. Prepared by MANSFIELD & HIGGINS, Memphis, Tenn.

MAGIC ARNICA

LINIMENT

WILL CURE PAINS AND AGES IN FIVE MINUTES.

Prepared from rare Essential Oils, Extract of Camphor, Extract of Arnica, Chloroform and Magnesia Fluid, chemically combined.

The Magic Arnica Liniment is one of the most powerfully penetrating fluids known. It is a pure, greaseless fluid, many of the so-called liniments sold, but a clear, transparent, ruby colored fluid, which when applied, promptly penetrates through skin and muscles to the very bone itself, striking at the root of the disease and instantly relieving all pain. In cases of Rheumatism, Sprains, Dislocations, Swellings, and in fact, all classes of diseases that can be reached by external treatment, this liniment will be found efficacious. In Rheumatism it acts promptly, killing the pain in one or two applications, and when used in connection with Mansfield & Higgins' Great Internal Remedy, the RHEUMATIC COMPOUND, has been never known to fail in effecting a CURE! As a Horse and Cattle Liniment it is unsurpassed, curing where other liniments fail. A striking evidence of this is its unparalleled success when used in the treatment of Charbon or Erysipelas in Horses or Mules—a disease which at one time threatened to destroy all the stock in the Mississippi Valley. The Magic Arnica Liniment was the only remedy that was found to cure in all cases.

With every bottle will be found a circular containing specific directions for using. For sale by Druggists and Dealers everywhere.

Manufactured only by the sole Proprietors, Mansfield & Higgins, Memphis Tenn. Wholesale Agents at Mobile, McGuffey, Blackwood & Co. and at St. Louis, J. L. McVay & Co. apr. 16-1870-17.

rendered service to the army in that way, and I was with Sherman in his campaign; through I had no command, but I was recruited for the first Alabama cavalry; which was commanded by General Scales, and then I recruited for the second regiment, which was never completed; I was with the army all the time engaged in recruiting. I may have recruited five or six hundred men for the Federal service.

Question. Have you, ever, held any civil office?

Answer. Yes.

Question. What office?

Answer. Gov. Parsons, while he was Governor, appointed me.

office because I felt like harmonizing it the way I thought it should be. But I have resigned for several reasons. I found I could not hold court without being insulted by the legal lawyers in their speeches in which they attacked the authorities. They did not direct their remarks directly to me, but they would make some allusion to the rebellion and glory in which I did not like to hear, and the Legislature elected a man for Solicitor-General. Circuitry who had been a very poor role playing. I thought I was a man. I did not feel that I ought to hold office under the circumstances, and I resigned. I did not feel that I ought to give my sanction to what was going on by holding position under the authorities in this power. I was not in accord with them and I would not be under them but would place myself under

Question. What is the disposition of the negro to work, if he can be paid fair wages?

Answer. I have heard some complaint of their unwillingness to work, but I have seen none of that spirit manifested by them. Where I live they have shown a commendable spirit in that respect; they have been anxious to contracts to work. I live in a local section of the country, as you may see, as any portion of the State. The country is well supplied with furnished over 500 men by the Federal army; a majority of the people of that country are loyal. The negro is treated with justice there. I have seen no reluctance on their part. Before Christman's Letter, the negroes in some parts of the State did not make contracts to labor. The planters

in some of the lower counties proposed to give an able-bodied hand but \$25 a year, and as a matter of course the negroes are behaving themselves. But the negroes are behaving themselves, so as I have seen, better than the white people, or at least as well.

Question. Do you know anything of prosecutions against Union officers or soldiers for acts done under orders during the war?

Answer. I do not know of any such cases of my own knowledge. I have heard of them in other parts of the State. There were none in the circuit I was on; that I remember, except that in the Circuit Court of the District of Columbia, Alabama Indians were hanged the federal army, and who had come into the country with a scouting party. I will not be sure of that, how-

to do know whether the bills and indictments have been passed by a great many Union men in Alabama against hundreds of them and they are not all free from them yet; and those indictments have all grown out of this foundation and foundation for those indictments is the fact that Union men are not secessionists. A Union man is liable to be accused of anything, of larceny, burglary, or anything else, and although there is not the least foundation for the charge, and an indictment is forthcoming, simply because he is a Union man. I have seen many cases. During the war some four or five hundred persons in my county were indicted for disloyalty for no other reason against the confederacy. I recollect that all went by the board with the confeder-

When I have a court house I will go to it and all those cases. Still the feeling is strong and the people talked about building monuments to the rebel dead, and holding meetings for that purpose.

Question. Have you any knowledge of the feeling of the people of Alabama in regard to the national flag?

Answer. I have heard but little and about it. I know that the rebels do not want to pay it. But so far as I know, all the Union men are in favor of paying it and that the rebels are opposed to it and determined to resist the national flag, and talk against it. The Confederate currency will go down as the Confederate treasury did.

Question. Have any steps been taken in reference to claims upon the national government for losses sustained by the owners of slaves?

Answer, I have heard in the way of the talk about claims. But I did not know what has been done.

—WASHINGTON, Feb. 7, 1867.

Judge, W. H. Smith, re-called and examined. By Mr. Bourne: Question. Do you desire to add anything to your former statement?

Answer. There is one thing that has come to my knowledge, which I desire to state. While the late John A. Lee, who was in Alabama, was there, called the guards, who murdered a number of Union men, without trial, by court-martial or any trial, of any kind. Another Lee's surrendered they murdered a number of. While the late John A. Lee was there, the provisions of State laws were used in operation the grand juror of two counties found true bills against these

The *New York Journal of Commerce*, in an article on the new French Republic, says there is a difference between a republic, pure and simple, and a republic as that of the United States and Switzerland, and the government of socialism, communism and trade unions, which few crazy theorists would establish in the United States. It is a law and order government, the first and the best thing on the face of the globe. The other is a mere bubble.
